

# ★ BALLEt - HIP HOP ★

YHALE | Grades K-2nd  
Fridays 4:00-4:45  
January 16th-May 8th

Welcome to one of our most exciting and popular classes - a high-energy dance experience that blends the grace of ballet with the upbeat rhythm of hip-hop! This dynamic class is perfect for boys & girls who love to move, groove, & express themselves through music & dance. Children naturally respond to music, & we make every moment fun & engaging with age-appropriate, high energy dance tracks kids love. Our classes are designed to build:

- ★ Class discipline & teamwork
- ★ Listening & coordination skills
- ★ Right & left awareness
- ★ Pattern recognition in movement
- ★ Foundational dance techniques

**Ballet:** The foundation of all dance forms! While ballet dancers may appear graceful & effortless, the technique requires strength, balance, flexibility, & focus. Students will learn key positions & movements such as plié, tendu, piqué, pas de bourrée, & jeté - all beautifully incorporated into flowing dance combinations that spark imagination and poise.

**Hip-Hop:** This crowd-favorite brings the fun with fast-paced athletic moves, rhythm exercises, & creative choreography! Students will build confidence, agility, & musicality as they learn fun combos, jumps, turns, isolations, & expressive movement in a safe, structured setting.

Best of all, our music & moves are *always* age appropriate - clean, creative, & empowering.

This Ballet & Hip-Hop fusion class combines classical training with modern energy for an unforgettable experience that kids can't wait to come back to each week!

## ★ PROGRAM FEATURES ★
